

Anastasia Taushkanova

Senior Quality Assurance Test Automation Engineer

👤 Profile Summary

ISTQB-certified Senior QA Automation Engineer with over 6 years of experience delivering high-quality software solutions. My expertise lies in designing and implementing robust automated testing frameworks using tools like Selenium, **Cypress**, and **Playwright**. Skilled in functional, regression, and API testing (**Postman**, **Robot**), I am also proficient in **CI/CD**, **GitHub Actions** and **Jenkins**. With a **Bachelor's degree** in Computer Science and a commitment to continuous improvement, I am well-equipped to contribute to software quality and operational excellence in your team.

📁 Employment History

Senior Quality Assurance Engineer at EarnIn, Bangkok, Thailand

April 2024 – November 2024

- Performed **Black box**, **Exploratory**, **Functional Testing** on Web, including **Regression** and **End-to-End** testing.
- Took a part in the all **SDLC** and **TDLC** stages in the current project and its sub-projects.
- Designed and implementing **Test Cases**, **Test Scenarios**, and **Test Scripts** in accordance with **Business Requirements**.
- Productively worked in lack of documentation environment to clarify and improve the existing specification.
- Used **Typescript** language and **Playwright** framework to create Test Automation with mock-server **Wiremock** utilizing **CI/CD** **GitHub Actions** pipeline.
- **Collaborated** with Business Analysts, Developers and UI/UX designers to design test cases for testing web products.

Senior Quality Engineer at Opn Payments, Bangkok

January 2023 – April 2024

- Implemented automated regression testing using **Cypress**, **JavaScript** resulting in a significant reduction in testing time.
- Maintained **CI/CD** pipelines to ensure that **Robot end-to-end** tests, written on **Python**, are robust and up-to-date, improved test **stability**.
- Analyzed business requirements and suggested improvements to the product features.

Postman

Swagger

- Performed **REST API** testing using **Postman**.
- Reviewed code before releases of several company's Open Source libraries written on various languages (**Python, JavaScript, C# .Net, Go, Ruby, Kotlin, Java, Elixir**).
- Verified functionality of mobile app for **iOS** and **Android** OS in **Xcode** and **Android Studio** accordingly.

Senior Quality Assurance Engineer at CREA, Bangkok

March 2021 – December 2022

- Led **UAT** for critical **API integrations**, ensuring seamless communication between the company's **ERP** software Odoo and third-party service (SAP).
- Identified **Test Scenarios**, estimated testing efforts, and created **Test Plans**.
- Performed **Functional testing** for the Promotion Service API, which led to the elimination of bugs in the gift-issuing engine and resulted in **cost savings** for the company.
- Manually verified integration with **AWS** services (**lambda, s3, SQS**).
- Created and maintained test cases and test scenarios, based on customer requirements.
- Queried databases using **SQL** (SELECT, JOIN, SET UPDATE, WITH).
- **Collaborated** with remote software development team members to establish immediate resolution of identified issues.

QA Engineer at Omise and Travpax, Bangkok

January 2020 – January 2021

- Worked closely with the automation team to develop and maintain automation scripts on **Ruby**.
- Saved the company's **budget** by providing internal testing for a mobile product before an expensive certification (**PCI-DSS**) from an international provider, resulting in the application passing the exam from the very first attempt.
- Created and executed performance tests using **JMeter** to identify performance bottlenecks in internal API.
- Tested **RESTful** and **XML SOAP APIs** using **Postman** and **SoapUI** respectively.

Software Test Engineer at Yandex and Svetets, Moscow

September 2019 – December 2019

- Conducted mobile application testing for Yandex.Disk (cloud drive) and Yandex.Mail (Android/iOS).
- Utilized test automation tools and the **Selenium WebDriver**.

Education

Certificate ISTQB Foundation Level, ATSQB, US

November 2024

Bachelor's Degree in Automation Engineering, Siberian State Aerospace University, Russia

September 2009 – January 2015

- Major in Automated Systems of Information Processing and Management
